- 15.1.41 N. advised that a Mr. Wells, declaring he was Lord Swinton's Secretary rang via a federal telephone line on behalf of Sir J. Ball and tried to get hold of him. Mr. Wells also tried S's secretary. From this it would appear that Sir J. B. is a busybody, and had certainly been busy to the effect of discovering that both S. and N. are in this Section, whereas it should be kept a secret until the Netherlands Government changes its attitude to our activities.
